

Building a Sense of Community

NAME: _____

Use the following questions to complete this concept map about community before your DIA visit.

- What does community mean to you?
- What are the important characteristics of a community?
- What makes a place a community instead of just a town or city?
- Who are the people in a community and what do they do that makes a place a community?

Building a Sense of Community

NAME: _____

During your visit, look for works of art that help you to understand community and write your thoughts below.

Where do you see community in the galleries of the DIA?

Title or sketch of object	Describe the community that this work of art represents to you	How does this object represent what is of value in this community?

At the end of your visit or back in the classroom, use a different color ink or pencil to revise your thinking about community on the Community Concept Map.
